Did someone Refer/Recommend you to us? YES NO

If YES please tell us who? _____

PRIOR to birth of litter:

It is understood by applicant above that a \$500.00 application fee is required AFTER this application is approved in order to be added to the waitlist. This can be paid by a personal check, post office money order or Zelle. We are working on other possible options as well.

After pup arrives once you actually pick out your pup then the remaining first half minus the application fee will be owed and due immediately. You can pick a pup as they become available, unless you are requesting a specific cross to pick from. If you refuse to pick your pup from the litter offered that meets your applications request then your application becomes void and we will move on to other applicants' requests.

ALL money is NON REFUNDABLE!! If you pass on picking a pup in litter offered or requested by you that meets your application request, then the fee is considered earned for breeders paperwork, fees, cost and time invested into this application.

I am wanting to buy: Please note that we will go by your selections below on what

we will offer you. If your selected choice is not available then your pick will go behind others that actually applied for available choices or move on to another litter breeder offers you that meets your requests.
